

### MRCCA Ordinance Notification Schedule

The DNR plans to officially notify communities to begin the process of developing a MRCCA ordinance based on this schedule. Once notified, communities have one year to adopt their MRCCA ordinance. Community-identified preferences for notification have generally been accommodated within a one-to-two-month window. Every effort will be made to adhere to this schedule. However, the schedule may change due to community requests for extensions, DNR workload, and community MRCCA plan approval status (notification is contingent on DNR conditional approval of the community's MRCCA plan).
